Eric Johnson  
Worthy Chief

Greetings all.

We're only a month or so away from wrapping up this UCC of E year and launching into a new one. Before we address this new year—are there still some thing to take care of in the waning months of this year? I feel a little bit of a void not being able to make a significant increase in our membership. I, Too, realize that it still isn't too late. Maybe some

of the brothers I've talked to will still come through. How about some you have contact with or may have offered/extended a petition?

Speaking of wrapping up the old year—I would ask all members if there are some things you are or have been thinking about for our Council that could still be addressed for this year? If you have something in mind—please give me a call. Our prayers go out to keep our Brother Michael McDorman, past Worthy Chief, safe as he completes another tour in harm's way. Mike, we're looking forward to getting you back so we can hassle you during a Council meeting. I might even ask about new parking lots in

Galesburg. The Ohio meeting is coming up in a few weeks. I know I will be going and will have room for anyone that wants a ride. The Grand Convention will soon be upon us. We all stand ready to offer any assistance we may be able to extend to Ken and Juanita, Al and Linda, and anyone else responsible for the planning or preparing for this great event. I seldom think of the UCC of E without thinking of the achievement GWC Ken accomplished during his rein of office—that of getting recognition of the Grand Lodge for our fraternity. He was "pesky" enough to get the certification.

### LADIES COUNCIL #35

Put on your fancy duds and welcome our Grand Worthy President, Cindy Stewart and her mother, Ruth, to our Council. Let's make her Official visit a memorable one.

Don't forget your Mother or Daughter, etc. on Mother's Day. If you don't have a Mother or Daughter, call a friend.

We understand that Mary and Don Bulen have been a little under the

weather. Here's hoping they are better now. We also hope sister Betty Korstad is doing well. She is having more kemo. Sister Ellen Brown was at our last meeting, thanks to her sister for driving her. We say "Hello" to

Beulah Harnung and our members in Minnesota, North Dakota and Iowa. Hopefully you can come to Convention. See you all Wednesday.

Linda Berry, PGWP, WP
